Shumaker recently announced the appointment of new leaders for many of the firm's committees. We embarked on a thoughtful selection process, guided by the needs of our clients, the communities in which we live and work, and our firm-wide objectives. We were pleased to announce not only our new leaders, but that some of the firm's diversity goals were met. Attracting, retaining, and developing talented lawyers and leaders is a continuous and essential objective of the firm. Every day presents an opportunity for the firm to improve and better serve our clients and we look forward to the bright future ahead. Thank you for your friendship and support.

~Thomas P. Dillon, Chairman, Management Committee and Toledo Managing Partner
